From the beginning in 1957, Max-Torque was a leader in clutches for small engine applications.

In the prime of go-karting, the *Max-Torque Special* was created. It won National Championships in 1966, 1967, 1968, and 1969.

This kart was clocked at 148mph and was driven by the late Don Surwall. Max-Torque had the original designer, Harv Aschenbrenner, construct this exact duplicate, which is accurate right down to the decals.
www.MaxTorque.com

A special thanks to Jim Donovan for his support over the years.

HOW YOUR SUPPORT HAS HELPED

Thank you The Vintage Kart Calendar started in 2013 as a small effort to help fellow vintage karters organize their karting experience. For the first four years, the profits went to the *Vintage Karting Association*. When two of our granddaughters were diagnosed with Friedrich's Ataxia (FA), we decided to donate all the profits to a non-profit to support research and unexpected FA-related expenses. Since that time (and including this CHECKERED FLAG EDITION), vintage karters including advertisers, donors, and purchasers have raised over

\$32,000!

All vintage karters who have supported this effort should feel a certain level of pride that their support has helped find a treatment. *Skyclarys* was approved by the FDA in 2023. It seems to be slowing the progression of symptoms ... loss of balance and speech, to name a couple of the physical effects of this rare, inherited condition. A

group of vintage karters deserve special recognition for their support above and beyond the average karter. The **CHECKERED FLAG CIRCLE** is for them ... Advertisers, Calendar Package Purchasers, and track owners who supported the calendar fundraiser over the last several years.

Going forward, my hope is that vintage karts will continue to support FA research and unexpected FA-related expenses through the Burrow Hill Foundation. Although *Skyclarys* is on the market, a CURE is not yet available. Annual donations can be made on their website: www.Burrows-Hill.org.

Thank you !!!!

Checkered Flag Circle:

Max-Torque, Ltd.	Bruce R.	Don R.	Sam P.	Vintage Karting Assn.
OVKC - Camden	Kent W.	Rich E.	James K.	Vintage Speed Tires
GSKA – Barnesville	John G.	Jeff B.	Doug S.	Whiteland Raceway Park
Hewland Arrows Only [FB]	Louie F.	Chris M.	Doug M.	Tracy Hall State Farm
Australian American Racing	Mike L.	Lynn H.	Andy Y.	Kelly's Motorsports Park

And there's MORE good news as preparation of the CHECKERED FLAG EDITION of the Vintage Karting Calendar was getting closer to the printing deadline, there was a press release regarding a SECOND potential treatment for Friedreich's Ataxia (FA).

It is important to recognize the role the **vintage karting community** has played in this momentous occasion. The *race to find a cure* is not finished, but with the recent announcement by PTC Therapeutics of the success of their medication ... VATIQUINONE ... all the purchasers, advertisers, donors ... YOU ... should feel really good about your role. The money you have helped raise over the years ... **\$32,000** ... has been instrumental in this success.

According to the PTC Therapeutics press release, VATIQUINONE has proven to be effective in slowing the progression of symptoms of FA. The "extension study demonstrated that 144 weeks of VATIQUINONE treatment resulted in a 3.7-point benefit." Without getting into the weeds regarding the significance of this "benefit," **THAT'S A GOOD THING.** (I would liken it to the difference between using a box muffler and a pipe!)

The press release continued to say, this "represents a clinically meaningful 50% slowing in disease progression over 3 years." The sooner it is approved by the FDA, the more time those afflicted with FA will have for a cure to be found.

As VKA's 25th Anniversary year comes to an end, and the realization that there won't be a 2026 calendar, consider establishing and continuing your support to the *race to find a cure*. The Burrows Hill Foundation accepts donations on their website, **Burrows-Hill.org**. An annual donation of any amount ... and 4 cents (e.g., \$20.04) will identify the vintage karting role in the *race to find a cure*.

Finally, I must say one more time how much I appreciate your support in this effort. You have made a difference.

THANK YOU!

Rolf Hill, **Kart Number 4**
